

# Lenovo ThinkPad X13 *i*

Built on Intel vPro®, an Intel® Evo™ Design, with 13<sup>th</sup> Gen Intel® Core™ processors and Intel® Iris® Xe graphics, the redesigned Lenovo ThinkPad X13 *i* Gen 4 delivers an enhanced user experience for optimal hybrid work and mobility. Lighter and thinner with anywhere productivity thanks to 4G LTE and 6E Wi-Fi<sup>1</sup>, as well as the all-day battery life, this premium Lenovo ThinkPad clamshell design is a must-have for the modern workforce.

Enhance collaborative ideation with the new split 5MP RGB+IR camera for improved visual quality and Dolby® Suite for enriched audio, while always staying secure with the webcam privacy shutter and Human Presence Detection. Plus, this Lenovo ThinkPad is engineered with purposeful sustainability in mind, from the low-temperature soldering used in manufacturing and PCC recycled product materials to our low-power display.

Smarter  
technology  
for all

Lenovo

An Evo® Design

Built for what IT needs  
and users want.

<sup>1</sup>16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

# Lenovo ThinkPad X13 i

## ULTRA-PORTABLE PRODUCTIVITY

Starting at 15.95 mm and 1.14 kg (2.51 lbs), this Lenovo ThinkPad is built for high-performing productivity from everywhere, with all-day battery life plus global 5G LTE and next-gen Intel® Wi-Fi 6E capability<sup>1</sup>. Dolby® Audio and Dolby® Voice certifications keep connections crisp and clear, while the Low Blue Light display with Eyesafe® certification lets you put in those long workdays without worry. And with Intel® Unison™ you can seamlessly connect your ThinkPad to your smartphone for a universal, easy-to-use experience.<sup>2</sup>

## ENHANCED USER EXPERIENCE

The new premium Deep Black or Storm Grey finish with tone-match keyboard gives this powerhouse a modern feel—and while you look cool, this device stays cool with the new rear fan exhaust and back venting design. An improved 84.2% screen-to-body ratio delivers a bigger, bolder picture. Plus, the updated communication bar, now with a split RGB and IR camera feature, means camera quality is better than ever thanks to dedicated lens and sensors.

## SUSTAINABILITY FOCUSED

This Lenovo ThinkPad implements purposeful inclusions of recycled materials. This product uses high levels of post-consumer content (PCC) in the battery packs, speaker enclosures, and adaptors, as well as 90% recycled magnesium in the C cover (Deep Black), and 55% recycled aluminum in the A, C, and D cover (Storm Grey). Low-temperature soldering increases reliability while lowering carbon emissions during manufacturing, and FSC certification adds to overall sustainability<sup>3</sup>. Plus, the low-power display and Human Presence Detection feature also help users conserve energy consumption.

## performance

This Lenovo ThinkPad delivers powerful mobile productivity built on Intel vPro®, an Intel® Evo™ Design, with 13th Gen Intel® Core™ i7 processor P or U series, Intel® Iris X<sup>e</sup> graphics, up to 32GB LPDDR5 memory, and up to 2TB Performance PCIe Gen 4 SSD storage.

## durability

MIL-SPEC tested against 12 methods, 26 procedures, and 200 additional quality checks, this Lenovo ThinkPad is designed for work-from-anywhere durability and engineered with reliable, long-lifecycle components.

## security

Enhanced built-in Lenovo ThinkShield and Intel vPro® platform security, including Intel® Hardware Shield, provide hardware-assisted virtualization and encryption that help prevent attacks against the OS, login credentials, installed applications, and data to keep users—and businesses—secure.

<sup>1</sup>16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

<sup>2</sup> Intel® Unison™ solution is currently available for eligible Intel® Evo™ designs on Windows-based PCs powered by 12th Gen Intel Core or newer CPU and only pairs with Android- or iOS-based phones; all devices must run a supported OS version. See [intel.com/performance-evo](https://intel.com/performance-evo) for details, including set-up requirements. Results may vary.

<sup>3</sup>Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material.

## Sustainability services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—and the environment.

### CO<sub>2</sub> OFFSET SERVICE

Lenovo calculates carbon emissions of its PCs across their lifecycles. Leveraging that, customers can offset the carbon emissions associated with their Lenovo PC with every purchase.

### BULK PACKAGING SERVICE

This solution packages multiple like-devices together to minimize the amount of material used—without compromising the integrity of protective packaging.

### ENVIRONMENTAL LOGISTICS SERVICE

Calculates CO<sub>2</sub> emissions based on transport, recommending solutions and space-saving measures for the customer.

### ENVIRONMENTAL SOFTWARE SOLUTIONS

Tracks energy consumption on a system basis throughout the lifecycle in order to determine which units are using more power—and when.

### ASSET RECOVERY SERVICE (ARS)

Mitigates environmental and security risks through a customized single-source solution for secure, documented disposition at the product's end of life.

## Accessories

### Lenovo Business Casual 13-Inch Sleeve Case

This quality storage solution is fit for any style-conscious on-the-go professional. Safely store your laptop, power bank, mouse, and other accessories in this multi-pocket sleeve with water-resistant polyester exterior and padded internal compartments.

PN: 4X40Z50943

### Lenovo ThinkPad Essential Wireless Mouse

Expand productivity with this precise 1200 dpi optical sensor wireless mouse. Connect compatible Lenovo devices with just 1 nano receiver. Ambidextrous design optimizes comfort.

PN: 4X30M56887

### Lenovo Powered USB-C Travel Hub

One-stop travel docking is here. Sleek and compact, the Lenovo Powered USB-C Travel Hub features six connection options for charging, displays, and more, as well as a slim, portable design with cable management.

## performance

### PROCESSOR

Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ i7 processor or Core i5 processor P series or U series

### OPERATING SYSTEM

Windows 11 Pro, Linux, or Windows 11 downgrade

### GRAPHICS

Intel® Iris® X<sup>e</sup> Graphics

### CAMERA

HD RGB, FHD RGB, or 5MP + IR with webcam privacy shutter

### MEMORY

Up to 32GB LPDDR5 (4800MHz)

### STORAGE

Up to 2TB Gen 4 performance PCIe NVMe SSD

### BATTERY

54.7 Whr battery (up to 95% PCC recycled plastic)  
41 Whr battery (up to 97% PCC recycled plastic)

### AC ADAPTOR

Up to Type-C 65W, supports Rapid Charge  
(95% PCC recycled plastic)

### AUDIO

Dolby® Audio  
Dolby® Voice  
2 speakers, 2 mics (95% PCC recycled plastic)

## security

ThinkShield  
Intel vPro® security  
Firmware Shield  
MoC Power-on Touch Fingerprint Reader  
IR camera  
Privacy Alert with Gance App  
dTPM 2.0 chip  
Webcam privacy shutter  
Nano Kensington Lock slot  
Lock on leave with presence detection

## connectivity

### INPUT/OUTPUT PORTS

2x Thunderbolt™ 4  
2x USB-A 3.2 Gen 1  
1x HDMI 2.0b  
1x Audio (Headphone and Microphone Combo Jack)  
1x Nano SIM

### WI-FI

Intel® Wi-Fi 6E R2  
5G sub-6 (CAT20) with eSIM and physical nano SIM  
4G LTE (CAT16) with eSIM and physical nano SIM  
4G LTE (CAT4) with eSIM and physical nano SIM  
Bluetooth® 5.2

### NFC

Yes

### DOCKING

Thunderbolt Dock  
USB 3.0 and Type-C Docks

<sup>1</sup>Packaging composed of recycled, and/or biobased, and/or sustainably forested content.
